1938

Virginia Shimkus was President of our Unit for two years, 1937 and 1938. During these two years of service, the Unit members received awards for their many achievements. The first Rehabilitation ribbon was secured through the efforts of all Unit members and the Rehabilitation Chairman, Mrs. Cassie Norusis. Two National Citations were awarded. One for membership and the other for helping flood stricken communities in southern Illinois.

During her many years of service, Virginia was dedicated to her Unit and shared her knowledge of Auxiliary programs with many new members.
